**Languages**

English

**SELECTED PROJECT EXPERIENCE**

**2009 AstraZeneca**

*Global Business Intelligence*

**Assignment:** A 3 year programme with a £43m budget to implement a suite of centralised BI tools for use by over 60 marketing companies throughout the world. The programme will initially focus on creating a blueprint for finance and commercial areas, taking an iterative approach to requirements gathering and development. Once the blueprint for these systems is developed the next phase will be to integrate them into a single suite of applications that can be used by any area of the business for both standardised, customised and ad-hoc reporting and analytics. Source systems include CRM (Siebel), ERP (SAP), Financial planning and management (Hyperion), customer marketing solutions, external data sources and we are implementing infrastructure to support 3 data centres around the world to host the data whilst maintaining resilience and scalability.

**Individual contribution:** Programme Manager responsible for overall programme.

**2006 Menarini Pharma**

*IT Programmes*

**Assignment:** Responsible for Programme Management across a variety of IT programmes including European Network Infrastructure, ERP Implementations, Sales Management Systems for use by 12 European countries, HR and payroll systems and on a Steering Committee to assess the IT impact of outsourcing warehouse operations to third party suppliers.

**Individual contribution:** Programme Manager

**1998 ICI**

*Infrastructure Project Manager*

**Assignment:** Following a significant merger there was a need to rationalise infrastructure including reducing the number of sites from 4 to 3. This involved infrastructure redesign, management of networks transitioning from legacy NetWare to MS Windows, Implementing fault detection and early warning systems on all networks, replacing existing disparate telephony systems with an integrated PBX and voicemail systems. All completed on budget with no downtime during project delivery or post completion.

**Individual contribution:** Project manager
